OBJECTIVE

Highly skilled frontend developer with a strong passion for crafting user-friendly and visually appealing web apps.

EXPERIENCE

Frontend Developer Intern

Dec 2023 - Mar 2024

Innovius Software

Ahmedabad, GJ

- Designed eye-catching websites using pure HTML5 and CSS3 along with taking responsiveness into consideration to provide cross-platform compatibility.
- Used Modern CSS Frameworks such as Bootstrap to boost the site's performance, simplify the styling, and write clean code.
- Added logic to make the elements dynamic and functional using Vanilla JavaScript and Document Object Model. Using libraries such as jQuery to make the scripts fast and efficient.
- Created Single Page Web Applications using ReactJS as Modern JavaScript Library to reduce page load, create user interfaces faster, and reduce network requests to the server using Server-Side Rendering.

PROJECTS

Divya Infocom Service. Built a portfolio website for IT Components and Hardware store using HTML5, CSS3, Responsive Web Design, Bootstrap and JavaScript. Established in the year 2021, it started as a reseller of computer peripherals and IT consulting service in Ahmedabad with a small team of 2. ([Try it here](#))
